

Teoman Kirma

FRONTEND DEVELOPER

WORK EXPERIENCE

Frontend Developer (Intern) at BytesandPixels, Los Angeles (Remote)
May 2023 to September 2023

- Created Pure/Functional/Reusable and Accessible React components using TypeScript, React 18 and Storybook.
- Utilized React UI libraries such as Material UI, Ant Design, Tailwind CSS.
- Customized CSS/Styling using Emotion and Styled Components.
- Improved my GraphQL/REST skills using Apollo Client. Also used React Query for API State Management.
- Architected app state using Zustand.
- Wrote unit tests using Jest, Istanbul for code coverage and Cypress for E2E Testing.
- Followed Agile Project practices by attending Daily Standups, Retrospectives and Sprint Planning
- Used Jira for Story and Epic tracking
- Used Confluence for documenting component APIs.

EDUCATION

Software Engineering
Nisantasi University | October 2020 - Present
